

For Immediate Release

Managed Business Solutions joins ARMA International

Colorado Springs, Colo., May 20, 2010 Managed Business Solutions (MBS), joins ARMA International as an Industry Member. ARMA International is a not-for-profit professional association and the authority on managing records and information – paper and electronic. The association also develops and publishes standards and guidelines related to records management. It was a key contributor to the international records management standard, ISO-15489.

“Our membership will help us to stay ahead of the ever changing regulatory, practice and technology trends in the records and information management market, and allow us to pass even more value onto our clients.” said Russell Lopiccolo, director of sales and marketing for MBS.

ARMA International publishes *Information Management (IM)* magazine, the only professional journal specifically for professionals who manage records and information on a daily basis. The award-winning *IM* journal is published bi-monthly and features top-drawer articles on the hottest topics in records and information management today, as well as marketplace news and analysis.

About Managed Business Solutions

MBS is an Alaska Native-owned company, focused on delivering high quality Business Technology and Consulting services to commercial and Federal sectors. We have been providing complete IT solutions since 1993 and have a proven history of delivering national and global solutions. MBS offers cost-effective offsite storage combining media and electronic vaulting services, document classification, data conversion services, e-records storage, and records management solutions. Our results show superior information lifecycle management and significantly reduce business operating costs.

Our accumulated Experience, Knowledge Capital and Skilled Resources allow executives and their trusted staff to benefit from business driven technologies without the unpredictable budget variances and operational disturbances that traditionally come with deploying complex IT investments and strategies.
